

MEMBERSHIP AND FELLOWSHIP COMMITTEE

First Forward

Annual Report 2011

The First Forward group had another successful year in their mission of engaging newer, younger members of the congregation. Kicking off in January with the annual First Forward Sunday, the group has grown to over fifty active members. By hosting monthly brunches after worship, the group offered a warm welcome to new and prospective members. The group continued to encourage fellowship and service by both participating with the larger congregation in First Serves and the Summer BBQs and hosting by special events like Wine and Cheese and a multi-faith film series. The group also conducted a quantitative interest survey to find out how better to craft a full calendar of events for 2012. First Forward reaches over 300 members via the email list and over 50 members who have actively joined the Facebook group for news and event updates.
